

WATER FILTRATION SYSTEMS COMMERCIAL QUALITY BUILT FOR THE HOME

GREAT TASTING

IMPROVES THE TASTE, ODOR & CLARITY OF WATER & ICE

GREENER

EACH FILTER REPLACES
22712 BOTTLES

HEALTHIER

REMOVES UP TO 99% OF LEAD
REMOVES CHLORINE, RUST,
SEDIMENT & CYSTS DOWN TO
0.5 MICRON IN SIZE

LESS MAINTENANCE

INHIBITS SCALE FORMATION
THAT DAMAGES ICE MAKERS
FILTERS UP TO 3000 GALLONS
(ONE YEAR AVG USE)

Easy

Quick Change
cartridge system
makes replacement
a snap.

ANSI/NSF INTERNATIONAL STANDARDS

Filter cartridge XOWF2000L (ref: FF-C10L) and
Filter cartridge XOWF1001 (ref: FF-CP10L) have
been tested and certified by NSF International
against ANSI/NSF Standard 53 for health effects.

These filters cannot be used on systems
where water is microbiologically unsafe.
Contaminated water requires additional
treatment. Water should always be tested.

XOCWF25V1

THE RIGHT ICE

Starts with the RIGHT WATER

XOWF1000SYS 1 STAGE SYSTEM

A Simple Solution For Most Water Conditions -

REPLACEMENT FILTER FILTER # XOWF1001

improves taste, odor and clarity
removes chlorine, sediment, rust,
and cysts to 0.5 micron
Removes up to 99% Lead
Helps inhibit scale formation

FILTERS UP TO 3000 GALLONS
(up to 1 year avg life span)

XWF2000SYS 2 STAGE SYSTEM

For installations where hard water is an issue -

REPLACEMENT FILTERS FILTER SET # XOWF2002

Set includes both filter cartridges
STAGE 1 improves taste, odor and clarity removing chlorine, sediment, rust, and cysts to 0.5 micron
Removes up to 99% lead
STAGE 2 heavier scale inhibition with patented Citryne
FILTERS UP TO 3000 GALLONS
(up to 1 year avg life span)

WHY XO - XO KNOWS ICE

There are lots of water treatment options out there. **XO makes it simple.**

Water softeners don't remove harmful contaminants like lead or cysts and they add sodium leaving ice mushy and soft.

Reverse osmosis systems make water more acidic (6.0 - 6.5 ph) which can damage equipment over time.

XO uses activated carbon block filtration to remove impurities down to 0.5 micron. They also remove up to 99% of lead. Both the 1 Stage system and the 2 Stage system inhibit production of scale that can harm ice makers and plumbing.

XOWF2000SYS uses FDA tested, patented Citryne for maximum scale inhibition that does not adversely affect ice quality. Just the opposite - these advanced filter systems are optimized to work with your ice maker, because -

THE RIGHT ICE MATTERS

**GOURMET CUBE &
CHEWABLE NUGGET**
